

Field Trip Withdrawal Form 2012

Student or Parent Chaperone

I would like to cancel the following field trips for my child or parent chaperone. I understand that child care ***is not*** available for children who do not attend field trips and that my child may not come to school on a field trip day. We are sorry but we are unable to give credit for tuition and services on field trip days that your child does not attend. A 5 day cancellation notice is required to receive credit. A credit will appear on your next statement.
